You may find more information about this and similar content in piano.io Taschen The books you show at home are a great way to make subtle statements about who you are. No, we're not suggesting leaving an encyclopedia of sexual positions on your coffee table. We said subtle. In addition to being simply interesting, coffee table books are initiators of conversations as well as ideas about their deeper interests. Related: 24 stylish gifts to put on your wish list A carefully selected stack of readings, typically larger than regular books and with large and beautiful images, can also add a touch of sophistication to any home. In a way, they're more art than literature. Here are eight great options that will instantly add style, interest and intrigue to any living space Our publishers independently research, test and recommend the best products; you can learn more about our review process here. We may receive commissions for purchases made from our chosen links. Rebecca Atwood's Living with Pattern is a great book for any home. The cover, a speckled blue and white painting, is a work of art in itself, but true beauty is inside. Atwood, a Brooklyn-based designer and artist, explores textures and in terms of home décor, and from tribal mud fabric prints to shibori-dyed lamps, each page is more seductive than the next. Atwood not only explores how to use the best colors and prints for every room in your home, but also explains how to dry many of them house so you can take inspiration and apply it to your own décor. The owners say that Atwood's book is beautifully displayed in any home, adding that his message is very practical and has helped many decoration enthusiasts decorate beyond the basics. Grace Bonney, who founded the Design+Sponge website, explores female empowerment through the lens of entrepreneurship and art in the Women's Company. This book should be on the coffee table of every woman (and man) this year; it's an important and fascinating reminder of what amazing women can achieve. The cover shows photographs of 12 inspiring women, which sets the difference from most of our other options on this list. Each page features an impressive portrait of a woman who embodies creativity and property, along with a brief interview exploring her path to success. In the Company of Women is an impressive coffee table book for any home, and will inspire and motivate you every time you track it. Fans of the book say it is a hit at home, noting that he has launched many deep and insightful conversations with friends and family. This book is a great choice for decorators looking for a center table book with substance. Many home décor trends come and go, but Christiane Lemieux set out to find out what creates a timeless relic. It's eye-catching from the start, with a gold-encrusted cover that's impressive on every coffee or side table. Throughout the book, Lemieux interviews interior designers, wallpaper and color experts, textile professionals and more to identify how to detect quality and craftsmanship. Among photos of lust-inducing interiors, Lemieux helps readers identify a large piece and decorate their homes in a way that will stand the test of time. This book is a great gift for any decoration enthusiast. While it's a beautiful work of art that will set apart your coffee table arrangement, it's also packed with interesting details that all house sets will enjoy. For so many around the world, Princess Diana will always be an icon, and Remembering Diana of National Geographic does a wonderful job capturing her spirit and aplomb. During her childhood years through her untimely death, Remembering Diana features more than 100 photographs of the princess, imagining her as a schoolgirl, a mother, a wife and an advocate for the poor. Among the photographs are anecdotes and interviews of those who knew the best of themselves, including luminaries such as Mother Theresa and Elton John. The black-and-white portrait cover is timeless, and whether you're a staunch fan of Diana or just curious about her life, this National Geographic book is an elegant piece for your coffee table. Every fashionista needs a center table book, and Dodie Kazanjian's Vogue: The Covers pays homage to the world's most iconic fashion magazine. Filled with covers from the magazine's 125-year history, this new edition now includes 2010 covers and more. Whether you're a Vogue fan or just a fan of Great photography, this book is an elegant and elegant addition to your coffee table. Whether you show yourself or show only your spine, layered with other coffee table books, Vogue: The Covers all but shouts style. The owners revel in the book's colorful cover, accepting that it is a wonderful and entertaining addition to every living room. Overview: A New Perspective of Earth by Benjamin Grant is a hauntingly beautiful look at our home planet from above. At a time when loving and caring for the planet regularly takes headlines, Grant's book reminds us how fragile and glorious our home is. More than 200 stunning satellite photographs fill the pages, representing everything from refugee camps in Kenya to deforested tropical forests. It's an impressive ode to Earth and an astonishing check of the reality of human impact on the planet. Both humble and impressive, Overview: A New Perspective of Earth is a beautiful and important piece for your coffee table. Another aerial photography book, Gray Malin's Beaches offers a look at the playful and free-spirited beach life from above. Each page, filled with images of beach blankets, sparking umbrellas and blue oceans, will inspire you to book a holiday as soon as possible. From Barcelona to Dubai and Chicago, Playas has more than 20 cities, along with tips on where to stay and what to do if you decide to call your travel agent immediately after reading. The deck is also stunning, perfect for any beach house or I would like it to be a beach house coffee table. Owners love the inspiring photographs and escape it lends every time it opens. It is a great choice for any traveler and decorator who wants to get away a little more often. If you want a coffee table book that makes you smile every time you look at it, Elias Weiss' Dogista is the book for you. Filled with photographs of its superstar Instagram author, The Dogist features portraits that give a small look at the life of a particular dog. From French bulldogs to twin labradors, Weiss captures everything we love about our fellow canines. While there's not a ton of substance in The Dogist, that's fine, it's a book to lift your spirits the next time you get the Sunday digs or come home after too long a day at work. Our publishers independently research, test and recommend the best products; you can learn more about our review process here. We may receive commissions for purchases made from our chosen links. STOCKSY table books are an easy way to elevate the sophistication and style of any living space. They are an effortless means of adding color, texture and layers to a table or corner, and do twice as much to show their unique interests and spark conversations with guests. (Honestly, how else will you discover that someone else at the party who shares your particular love for the modernist needle point or Japanese whiskeys?) With so many beautiful and compelling readings to choose from, where To help, we've put together a shortlist of our favorites. Whether you're a fashionista, bibliophile, jet-setter or cinephile, you'll have something unique to discover. Here, the best coffee table books. Bill Cunningham, an eccentric itinerant and Spartan on a bicycle in a blue working-class jacket, was many things: a milliner, a photographer, a journalist and an everyday icon. In the 1970s and 1980s, it became a staple of New York Times street style and a living landmark on 5th Avenue and 57th Street, one of his favorite corners from which to chronicle New York's street fashion and sociability. This volume, edited by Tina Loite, gathers its vast archives among attractive blue colors reminiscent of its characteristic fur. There was a moment in the not-so-distant past when organizing books by color and size was such a ubiquitous practice that stylistic output seemed unthinkable. (R.I.P. Rainbow shelves.) This magnificent book by interior designer Nina Freudenberger, writer Sadie Stein and photographer Shade Degges offers attractive aesthetic alternatives. Check out the private and eclectic libraries of bibliophiles such as Silvia Whitman, owner of Shakespeare and Company in Paris, and Gay and Nan Talese, a prestigious literary couple. Have you ever planned a trip just to find the congested places or the relentless temperature? Have you ever learned too late that you missed some famous street festival, an incredible animal migration or the high flowering season? Where to go When you rearrange your list of travel buckets per month, allowing you to enter the secrets to annotate the most seductive landscape, revel in the most vibrant street life, and enjoy the best local food. Packed with other tips to get to your destination, get around and even combine trips. The interior of this book is as visually striking as its bright yellow cover. Spectacular full-page color reproductions of 400 women's artwork spanning 500 years are offered. This book covers contemporary favorites such as Yayoi Kusama and Renaissance anomalies such as Proserzia de' Rossi (born 1490). Also featured are artists who received immeasurable attention in their time (Carmen Herrera), artists who were overshadowed by their partners (Leonora Carrington), and artists who, revered in their own time, later saw the exclusion of accounts written or fell outside the popular consciousness (Angelica Kauffman). Internationally renowned filmmaker Federico Fellini found his style mature and onerit after delving into Jungian psychology in the early 1960s. Taking the recording of his dreams at this time (between the filming of La Dolce Vita and 8 1/2), he filled two notebooks with drawings that extend between the surrealist and the comic. These felt-tipped representations find a luxurious in this substantial book. Working alongside film directors Wes Anderson, Steven Spielberg and Todd Haynes, Annie Atkins creates the ephemera that makes fiction feel real. In his debut monograph, Atkins invites readers to immerse themselves in detective detective which is intended for the creation of graphic accessories for films. With 200 color illustrations and rich details, this book takes readers behind the scenes to show the research and imagination behind the passports, tickets, packaging and newspapers that populate their favorite movie sets. The Bloomsbury group never lacked the creative media, which came to include literature, art, criticism, crafts, and even economics. They were also distinguished from their modernist counterparts by their domestic innovations: brightly colored rooms, bold patterns, eclectic objects and erotic themes. This charming and engaging book gives an idea of three writers linked to the Bloomsbury group, showing how they challenged conventions in life and at home. One hesitates to simply call this a book, a treasure chest could be more accurate. Each individual book (there are seven included!) within this portfolio of whimsical illustrations feels like a stolen look at man now canonized for his imposing screenprints and postwar pop art. These quirky books preceded their celebrity and served as gifts for close friends and contacts. Five of the seven are watching the post for the first time. Camp constantly circumvents definition and consensus, making it an issue that people are drawn to over and over again. Notes on Susan Sontag's 1964 camp contain 58 definitions on their own, many of them deliberately duplication and contradictory. The 2019 Met exhibition adopted the theme (and we won't forget the sartorial performances of celebrities soon). This collection allows you to delight again with the characteristic irony, pastiche and exaggeration of campy fashion. Equally charming and useful, this book makes the case that tourists should not spend half their visit walking from one reference point to another, while losing their life on the street that gives the city its vivacity. With quirky illustrations and helpful tips for navigating New York's neighborhoods and locating hidden gems, this book will clamor for the dual residence on your coffee table and handbag. We know we shouldn't judge a book by its cover, but this beautiful manual makes it incredibly difficult. This critically acclaimed guide to whiskeys (bourbons and yes too) features over a thousand entries without sacrificing accessibility. This book provides a quick and easy reference, while providing a delicious immersion in new fashionable whiskeys from Japan and continental Europe. Explore 40 years of hip-hop history through 50 photographers and nearly 200 images of their cultural evolution, from the club's early scene to the latest generation of emcees and wordsmiths. This collection comprises the contact sheets of photographers, making this rich file a testament creativity that happens on both sides of the camera. Like any good book of florists, this one tells you how to achieve color harmonies, varied textures and balanced arrangements; what distinguishes this book is amy Merrick's prose itself, which, like a stellar flower with romance and insouciance. What else to love? The advice as Don't take flowers out of public parks. Befriend the landscaper who will provide you with ornaments that would otherwise be undesed. This impressive book is the culmination of Thom Gilbert's four years among prominent surfers from Spain, New York, California and Hawaii. The award-winning photographer captured more than 300 photographs of stunning waves, the athletes who tear them apart and the cultures cultivated by Italian writer and horticulturist Umberto Pasti. The flowers rescued from nearby works are new to life in Pasti's lush garden, Rohana, which miraculously thrives in the dry climate just 40 miles south of bustling Tangier. Photographed by Ngoc Minh Ngo and framed by Pasti's own memories, this book is not limited to documenting, but will also inspire anyone with a green thumb. This truly stunning book features amazing photographs of a husband-and-wife duo. A celebration of haute couture fashion and athletics for professional dancers, this book is a match made in the sky; dancers are shot in dresses by classic designers such as Dior, Oscar de la Renta and Halston. It will make you look at fashion—and dance—in a whole new way. This book will please both architecture lovers and travelers. With iconic buildings around the world, from the Taj Mahal to the impressive Guggenheim Museum in Gehry in Bilbao, the reader is on a photographic and historical journey. In-depth essays on each piece of architecture accompany photos for deeper context and fieldnotes to help plan your visit. Visit.
